

TECHNICAL DATA SHEET

Part#: 500-105A-US

Pliers - Small Frame - Stress Relief - .020" to 1st bend Provides stress relief for dual axial lead components.

The 500-105A-US 5" forming plier provides stress relief for dual axial lead components. It is designed for forming all leads of a component prior to surface mounting. It features an ergonomically molded antimicrobial Anti-Static grip (10¹⁰ ohms/sq surface resistivity) with dual leaf springs.
