

TECHNICAL DATA SHEET

Part#: 502E-US-CUSTOM

Pliers - Wire Stripper -- Custom Size Wire
Ideal for stripping PTFE coated wires

The 502-US 5.5" high precision stripping plier is ideal for stripping PTFE coated wires. To order, specify the wire gauge size by indicating the gauge at the end of the reference number. Available in 22, 24, 26, 28, and 30 AWG. It features an ergonomically molded antimicrobial Anti-Static grip (10^{10} ohms/sq surface resistivity) with dual leaf springs.

- Precision Level ★★★★★
- Material Carbon
- Surface Resistivity 10^{10} ohms/sq
- Shape Straight
- Tip Size .120"(3mm)
- Tip Angle
- Tip Length
- Body Width
- Body Height 0.25" (6.25mm)
- OAL 5.5" (137.5mm)
- Weight (OZ) 5
- UPC N/A
- Schedule B 8203.20.60.30
- ECCN EAR99
- UNSPSC Code
- Country of Origin USA
- Group
