

TECHNICAL DATA SHEET

Part#: 7170EA

Cutters - Long Nose Fine .03" x .02" Tip - Relieved Head Ideal for cutting leads (.020") in a confined space - features a small .200" cutting blade

The 7170EA Lazer Line[®] small fine tip laser flush cutter has a cutting capacity of .001" - .020" soft wire. It is made of carbon tool steel steel with induction hardened cutting blades to RHC 63-65. This overall length is 6". The CNC machining allows the joint surfaces to be perfect to allow for long life. The Anti-Static grips are soft cushioned foam and have a surface resistivity of 10¹⁰ ohms/sq. The dual leaf springs provide smooth action.
